SUMMARY

Growth marketer with hands-on experience owning both consumer acquisition and B2B pipeline simultaneously -- the exact split Fozara's first growth hire needs across its consumer app and B2B API. Took a fintech client's Instagram and Facebook from 0 to 10,000+ followers in 7 days, then monetized that audience to \$5,000+ in revenue within 30 days. Built B2B lead-generation funnels and GA4/HubSpot attribution infrastructure from the ground up for a two-sided marketplace (Zonia Hub), including the cohort and attribution reporting a growth-owner needs to read the dashboards themselves. Based in Nigeria with direct, lived knowledge of the Nigeria-diaspora corridor Fozara serves -- not a market I'd be learning from a spreadsheet.

CORE SKILLS

Full-Funnel Growth Strategy • Consumer Acquisition & Activation • B2B Pipeline & Lead-Generation • Nigeria / West Africa & Diaspora Market Growth • Attribution & Cohort Analysis (GA4, HubSpot) • Fintech & Payments-Adjacent Marketing • Paid + Organic Channel Testing • Referral & Community-Led Growth • Direct-Response Copywriting & Clear Written Communication • Value-Ladder / Offer Strategy

EXPERIENCE

Digital Marketing Strategist & Growth Lead -- Independent / Contract

- Took James Trading Strategies' Instagram, Facebook, and Twitter/X accounts from 0 to 10,000+ followers within 7 days using organic content plus targeted paid boosting, then monetized the audience within 30 days -- generating \$5,000+ in client revenue through direct product/service sales, platform ad-revenue share, and paid brand partnerships. A number moved, with a documented how.
- Built B2B lead-generation funnels and GA4/HubSpot attribution infrastructure from the ground up for Zonia Hub, a two-sided agricultural marketplace -- setting up the cohort and attribution reporting myself, not just reading someone else's dashboard, and improving lead quality on both sides of the platform.
- Ran growth and outreach strategy for real estate and local-business brands in Nigeria (Tech City Real Estate, Mercy Divine Properties, Landmark Event Centre Owerri), applying acquisition and funnel discipline to Nigerian consumer and SMB audiences specifically.
- Developed and executed paid acquisition campaigns for James Trading Strategies in a compliance-sensitive fintech/trading-education niche, balancing performance goals with platform ad-policy constraints -- direct experience in a regulated-adjacent financial category, relevant to a stablecoin payments product.
- Managed paid social and performance marketing for e-commerce and cosmetics brands (Luscents, McDobi GLOBAL, Hopmichar) and full-funnel growth strategy for Suncious Foods (FMCG), running campaigns from creative brief through media buy and post-campaign analysis.
